

## Plans for ECER 2012

Aside from the main conference theme net 19 is not planning to adopt any special focus for the coming conference. As previously efforts will be made to organise reviewed and accepted submissions in respect of common themes where identified, possible and appropriate.

A cross-network symposium is being organised with networks 5, 7, 14 and 19. This joint session title is «New Methodological Approaches to Research on Education, Childhood and Youth?: methodological advances, choices and dilemmas». It will be chaired by Dr. Bálint-Ábel Bereményi and Dr. Patricia Ames. Details on topics, approaches and organization have being discussed by representative member of each network. Sofia Marques da Silva is representing Network 19 with the support of Dennis Beach.
